LOVE YOUR CAREER

At Paris Parker®,
we have created
an environment where
diversity is embraced,
development is required
and quality of life is enhanced.

If you have the passion,
we have the **opportunities.**

EVENTS & EDUCATION

At Paris Parker®, we think of education as a journey—one that each artist follows to reach his or her unique goals. Along that journey, we work hard to provide opportunities to keep all of our staff educated and inspired.

ONGOING EDUCATION

Educational opportunities are an exciting part of working for Paris Parker®. With weekly trainings, outside education and in-salon classes, you can take your skills to the next level.

SERIOUS BUSINESS®

Serious Business® has become one of the most celebrated business education events in the beauty industry. It comprises two days of inspiration, education and wisdom from some of the world's most progressive thinkers and gives us all an opportunity to re-evaluate our destiny and the importance of the work that we do.

NAHA

The Paris Parker® Creative Team has had a strong presence at the North American Hairstyling Awards (NAHA), the Oscars of the hairdressing industry, for a number of years now. Most recently, our designer Paul Eastin and makeup artist Sasha Ahart, were nominated in the Avant Garde category. During your time with Paris Parker®, you will have an opportunity to join the Creative Team and work with fellow stylists, makeup artists and a photographer to conduct your own photo shoots and create beautiful images.

FASHION WEEK

Paris Parker® stylists participate in Fashion Week around the world. The national recognition this provides for service providers and locations, coupled with the learning experience, helps bring high fashion to life in salons everywhere.

PHOTO SHOTS

Teams from Paris Parker® take part in photo shoots throughout the year. Whether for editorial, advertising or just for experience, stylists and makeup artists are given the opportunity to learn what happens behind the scenes at a shoot and what you need to do to create the looks you see on paper.
